HOBBIES

- Hiking
- Running
- Cooking

SUMMARY

Looking to enter into software development role to boost my programming skills which I work on for last few years.

Learning every day to be a better version of myself. I always give the best I can.

I consider learning multiple technologies and languages an advantage to be more prepared for web development and its requirements.

Positive, kind, teamwork wizard.

EXPERIENCE

Freelancer | Jan 2022 To Present

Python Developer, Upwork

- Web Scraping, HTML parser, XML, HTTP Requests
- Data Automation and creating bots with Selenium
- Data Visualisation with Matplotlib, Plotly, Seaborn
- Make pages with HTML/CSS/Bootstrap

Production operator and Supervisor | June 2011 To Present

Juice Factory, Rauch Serbia, Koceljeva

- Highly responsive final product control and delivery to buyer
- HACCP and HALAL certification for safe product
- Work on Steliziter, Pasterizeur, Evaporator
